To Market Growers and Florists

YOUR SUCCESS for the whole year depends largely upon the quality of the Seeds you sow. The demands of the trade, and today's competition, require that you obtain the very best Seeds it is possible to buy.

Ever since the Burpee business was first established, fifty-six years ago, Market Gardeners and Florists have been extensive buyers from us. The leadership we have maintained in creating new varieties and improving the old favorites, and our modern, progressive methods, have led these men to know that Burpee Quality really means something—especially to one whose livelihood is dependent upon the results of the seeds planted.

Our exceptional facilities, and the fact that we do the largest mail-order seed business in the world, assure you of receiving the highest quality seeds that can be grown.

Burpee's Seeds are given every test that modern science can devise. First, the *vitality* is carefully tested by our experts, then the *purity* is proved on our famous Trial Grounds, regarding which Luther Burbank wrote us:

"Your Fordhook Trial Grounds were the best of all my Eastern object lessons, and I had many. I had no idea of their extent and value, not only to yourself, but to every one who cultivates the soil . . . I remember well my former visit to your wonderful Floradale Farms, where I saw much of great interest to me."

We wish to thank all those who have been so steadfast over the years in sending us their orders each season. To our customers, we extend a cordial welcome, and assure them of the same prompt and careful attention to every order that our old customers have come to accept as a regular part of Burpee service.

Trusting that we may hear from you early,

Faithfully yours,

**NEW THIS

117 New Varieties are offered by us for 1932, among them many Vegetables and Flowers of outstanding merit.

Wholesale Prices and Terms For Market Growers and Florists

Effective January 1, 1932, all invoices for purchases will be charged at the prices quoted in this Burpee Blue List, unless **special offers** are made by letter or telegram and referred to when the order is placed.

We expect to adhere throughout the spring to the prices quoted herein, unless some causes beyond our control require a change, in which case we shall be governed by the market. All goods are offered subject to prior sale, and we reserve the right to change prices without notice, if it should become necessary.

Credit and Terms of Payment

Our terms are cash with order unless you have an account with us or are satisfactorily rated by the commercial agencies. To regular customers and those of approved credit, our terms are **60 days net**; 2% discount for cash in ten days from date of invoice or 3% discount when cash accompanies the order, for Vegetable and Flower Seeds and Flower Bulbs. **No discount** on Grass, Clover and Field Seeds, Onion Sets, Potatoes, Vegetable Roots, Flowering Bulbs, Roots, Nursery Stock, and Supplies, which are **net cash**.

New customers, unless satisfactorily rated with the commercial agencies, should furnish us with at least three trade references. Orders from new customers amounting to less than \$5.00 should be accompanied by cash.

Orders for seeds will be shipped C. O. D. upon receipt of a deposit of 25% of the value of the order. Due to their perishable nature, Bulbs, Roots, and Nursery Stock **cannot** be shipped C. O. D.

You run no risk in sending remittance with your order. Our reputation as honest and experienced seedsmen is known the world over. You can inquire of any bank or trust company or of your neighbors as to our responsibility.

Remit by money order, draft, or check. Register your letter if you send cash or stamps.

Burpee's Blue List

For the exclusive use of Market Growers and Florists, who on account of the larger quantities of seeds they require are entitled to these Special Wholesale Prices. We are anxious to do all we can to help you make a success of your business by supplying the finest seeds it is possible to furnish and let you have them at low prices. As a grower, you know the importance of Good Seeds; you cannot take chances on the quality of the seed from which you expect to make your profits. Sow Burpee's Tested Seeds—you can rely on them. They are guaranteed.

We do not offer the so-called Flower Seed "Trade Packet." Knowing that Florists prefer to buy in definite quantities, we have listed fractional ounce quantities and priced them as low as is consistent with first-class seeds. Should Market Gardeners or Florists want the small packets offered in Burpee's Annual retail book, we will gladly supply them at a special discount of 33½% if the retail value of the packets ordered at one time is \$1.00 or more. No discount will be allowed on these retail packets if value is less than \$1.00.

THE BURPEE GUARANTEE

We guarantee, to the full amount of the purchase price: The **purity** and **quality** of all Burpee Seeds, Bulbs, and Roots ordered from this book; and we also guarantee to the full amount of the purchase price—

The **safe delivery** of everything you order. This is the Double Guarantee that protects all who buy from Burpee of Philadelphia.

Grounds on Fordhook Farms

All Burpee's Seeds, Bulbs, and Plants are produced where they grow most nearly to perfection. At our two great Farms—Fordhook, at Doylestown, Pa., and Floradale, at Lompoc, California—they are carefully tested for vitality and purity. That is why we can guarantee to the full amount of the purchase price, the **vitality** and **purity** of Burpee's Seeds.

“The Best Seeds That Can Be Grown” “Burpee’s Seeds Grow”

The ideals of the Burpee business since its beginning, fifty-six years ago, are embodied in the two well-known mottoes shown above. They represent our standard of dealing with the many customers who have made it possible for us to build up our mammoth business.

To be sure that the seeds we sell are “the best that can be grown,” many thousands of careful trials are made at our two mammoth Farms—Fordhook and Floradale. Our trial grounds provide unusual facilities for extensive growing and testing of seeds.

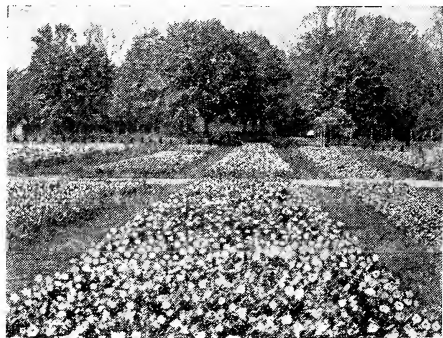

The Burpee Fordhook Farms, consisting of 800 acres, are located at Doylestown, Pa., 24 miles directly north of Philadelphia. Fordhook is famous as the largest and most complete trial grounds in America.

Our beautiful Floradale Farms are ideally located at Lompoc, California, where soil and climate combine to help produce in the varieties grown there, seeds that are healthier and hardier than could be produced elsewhere.

You are cordially invited to visit Burpee’s farms.

Burpee's Sweet Peas

Winners of many **Gold** and **Silver Medals, Certificates of Merit**, and other awards at the leading Flower Shows. Burpee's Sweet Peas are world-famous. They are grown on Burpee's Floradale Farms in California where the soil and climate are ideal to produce plump, heavy, and virile seed.

Early or Winter-Flowering Varieties

Many of these splendid Sweet Peas were introduced by Burpee. They are valuable to florists for greenhouse culture and are also adaptable to outdoor planting in warmer climates, such as certain sections of our own southern states, Australia, and South Africa. In cooler climates they are of value because they bloom a week to ten days earlier.

The Gold Medal won by Ambition marks it as a Sweet Pea of most outstanding merit. It received this distinction in competition with hundreds of other novelties from all over the world, after the expert judges had observed its many outstanding features throughout the growing season in the trial grounds of the National Sweet Pea Society of Great Britain.

The steady growth of the Burpee business from a small beginning, fifty-six years ago, to the largest seedhouse of its kind in the world could not have been possible without supplying Burpee customers with the best seeds that can be grown.

Single Plant Selections of Zinnias at Fordhook

A view of the formal gardens on Burpee's Fordhook Farms where Fordhook Finest Lawn Grass Seed has been used

6145 *Burpee's Fordhook Finest Lawn Grass Seed*

Fordhook Finest is unsurpassed for making a smooth, green, velvety lawn. The various grasses which compose this well-balanced blend are fine bladed and deep rooting, sure to produce the best results under average conditions of soil and climate met with in America.

Fordhook Finest weighs **25 to 27 pounds** per measured bushel. A small quantity of white clover is included to help thicken the bottom of the sod. Sow one pound for a plot 10 x 20 feet (200 square feet); 150 to 200 pounds of seed are required to sow one acre.

Lb. 40¢; 5 lbs. 39¢ per lb.; 10 lbs. 37¢ per lb.;
25 lbs. 36¢ per lb.; 100 lbs. 34¢ per lb.

6152 *Permagreen*

A splendid mixture that will give a deep emerald-green sod of velvety texture. While it is less expensive than Burpee's Fordhook Finest offered above, we know, however, that it will make a lawn beautiful and enduring—the kind that will please the average home gardener. It is free from weed seeds and contains good grasses only. Lb. 38¢; 5 lbs. 36¢ per lb.; 10 lbs. 34¢ per lb.; 25 lbs. 33¢ per lb.; 100 lbs. 31¢ per lb.

6149 *Shady Nook*

A specially prepared mixture suited for planting under shade trees or in shaded corners which receive but little sunlight, and where the general mixtures usually fail to thrive. Shady Nook is composed of choice clean seed of the finest and most costly grasses adapted to shady locations. It makes a close, thick turf. Sow one pound for 200 square feet. Lb. 41¢; 5 lbs. 39¢ per lb.; 10 lbs. 37¢ per lb.; 25 lbs. 36¢ per lb.; 100 lbs. 34¢ per lb.

6144 *Terrace Sod*

Terraces and embankments require a special mixture of grasses which are deep rooted, or have strong, spreading roots to hold the soil firmly and prevent it from washing away during heavy rains. Burpee's Terrace Sod will produce a rich velvety lawn of bright emerald-green appearance throughout the season. Sow one pound to 200 square feet. Lb. 41¢; 5 lbs. 39¢ per lb.; 10 lbs. 37¢ per lb.; 25 lbs. 36¢ per lb.; 100 lbs. 34¢ per lb.

6146 *Sunny South Lawn*

A special mixture of grass suited for southern lawns where the general mixtures usually fail to give good results. With good care and regular watering this blend will make a beautiful lawn even in very hot and dry locations. Sow one pound to 200 square feet, or 150 pounds per acre. Lb. 37¢; 5 lbs. 35¢ per lb.; 10 lbs. 33¢ per lb.; 25 lbs. 32¢ per lb.; 100 lbs. 30¢ per lb.

6147 *Golf Links*

Only fine-bladed grasses which will withstand frequent close cutting and heavy trampling are used in this mixture. Particularly suited for fairways. It is free from weed seed and contains no White Clover. Sow 150 pounds per acre. Lb. 41¢; 5 lbs. 39¢ per lb.; 10 lbs. 37¢ per lb.; 25 lbs. 36¢ per lb.; 100 lbs. 34¢ per lb.

6158 *Putting Greens*

Composed of various varieties of Bent Grasses with a preponderance of Creeping Bent. It makes a smooth, even turf that will withstand frequent close cutting and intense trampling. The seed offered is of the highest grade and sure to give satisfactory results. Lb. \$1.17; 5 lbs. \$1.15 per lb.; 10 lbs. \$1.13 per lb.; 25 lbs. \$1.12 per lb.; 100 lbs. \$1.10 per lb.

Flowering Bulbs and Roots

At prices listed, all bulbs and roots will be sent at customer's expense, as they are quoted f. o. b. Philadelphia.

All bulbs and roots offered by us are strong and healthy and should produce, with proper care, satisfactory results. Where size is a factor in purchasing bulbs, we have given it. It is understood that the size given was the measurement at digging time and which will, very often, be slightly less as the season advances, due to shrinkage in maturing. The size given is for diameter of bulbs unless specified "cir." which means "circumference."

Bulbs and Roots require special packing, and are, therefore, sent separate from seeds if both are on the same order.

Time of Shipment

Unless instructed to the contrary when ordering during the winter months, we will ship Bulbs and Roots as follows:

Amaryllis, Begonias, Calla Lilies, Gladiolus, and all other such bulbs as can be kept in dormant condition in a dry, cool but free from frost place until planting time, are sent on receipt of order.

Dahlia roots are booked for delivery after danger of their being injured by cold weather in transit is past. Shipment, however, can be made at any time that roots may be in stock if you specify date wanted when ordering.

Burpee's New Dahlia

8093 ATLANTIC CITY

Offered for the first time—a strikingly handsome prize-winner. With its startling beauty, it combines a sturdiness and vigor that will make it a favorite with gardeners. “Atlantic City” is a Formal Decorative Dahlia with gorgeous flowers of a very rich golden autumn shade. Its amber-gold is intensified with orange, salmon, and a touch of bronze. A color beautiful in itself and blending readily with any others. Flowers measure five to seven inches across. Their keeping quality is remarkable, cut flowers lasting from four to six days. The plant grows $3\frac{1}{2}$ to 4 feet high, of strong, upright growth, requiring no staking. Never troubled by leaf-hopper, thrips, or any other Dahlia pest or disease. “Atlantic City” is a most profuse and early bloomer, flowering from mid-July until frost. We have cut 37 flowers from one plant.

“Atlantic City” was awarded first prize in the Open-to-all section for the best vase of 25 blooms in several shows in which it was exhibited, as well as a Certificate of Merit.

One root, \$2.35; Three roots, \$6.35

Burpee's Dahlias

Our list of Dahlias has been chosen most carefully and includes all the best standard and newer varieties. Our extensive trials, including a vast number of varieties from many sources, enable us to select those of outstanding value. For complete descriptions of these varieties, refer to Burpee's Annual for 1932, pages 145-149.

Prices quoted are for **strong root divisions**, which should give entire satisfaction. We do not supply plants of Dahlias. We do not ship Dahlia roots until all danger of their being injured by cold weather in transit is past, unless ordered to do so, and then only at customer's risk.
